It gives me great joy to know that the school is bringing out its first magazine.

Being an inclusive school we had faced lots of challenges, yet with the grace of the Almighty Father and the people of Lerie Chazou, neighboring villages and the colony authorities, the school has reached up to class 10 since 2012. I also thank all the teachers for their dedication and sincerity and also specially mentioning the Resourse section where services like physiotherapy, vocational classes (paper craft/painting/recycle product/ paper ornaments, Computer etc) and dance and drama are being given its due importance.

My special thanks also go to the State Government officials and departments like, Raj Bhavan office, Commissioner Disability, Education, Social Welfare and the Secretariat Nagaland. I also give my gratitude to all the International and National Institute like the ICRC- Red Cross- Delhi, US-Aid, NIMH- Secundrabad, National Trust- Delhi, ERNET India, Mobility India- Bangalore, and LIC-India- Jorhat, for all the materials, training support and enabling us to come thus far.

Therefore as these are all done for the good of the children in particular, I pray the student community will take this as an opportunity to excel and be the best in their future.

I wish a bright future to Cherry Blossoms.

It's my great pleasure to present to all of you the first school magazine since its inception on 12th February 2007. The school has grown from a humble beginning of 25 students of which 3 were CWSN. Over the years I feel nostalgic when I remember how moments have passed by so quickly and unaware, that many cherishing moments are real treasures to my heart. True to the name of our school, we need to bloom and make our surrounding bright by the little contribution that we render to the service of humanity. *Being Humane Is The Real Essence Of Life.*

Giving equal opportunity in imparting education to all children is a necessity to have a healthy society, and therefore to have an Inclusive school was the necessity in today's context. Nevertheless there were numerous challenges to make such a platform come into reality, because we had to make modifications and adjustments according to the need of the child and not impose rules upon them.

Children are open to their own kind and peer groups and therefore learning for the CWSN take place more easily when they are among friends.

Participating in International, National, and State Level Exposure Event, trips, sports and other extracurricular activities are well participated by all children and therefore on most of the occasions they brought laurels and awards back home. It shows that we are also at par with the rest of our children in the world.

I personally feel that there are still many things to be done as we have intervened only the tip of the iceberg. Giving equal platform and making every child possible to learn how to earn a livelihood and make them self-sufficient is the key note of our institution.

Lets us pledge today again for the betterment of our students to make them well equipped for a better tomorrow. May we also beseech God blessing in doing so.

Lastly lets us -

*“Make The Right Real”
And
“Say Yes To All Children”*

Editorial

On the outset we would like to congratulate the School Managing for proposing to publish the first school magazine. The journey through the years seems just like a moment as vanishing vapour, leaving behind the nostalgic memories to linger on.

We wish that the students contribute more poems, stories and write-up in the future. This gives richer experiences.

Our first experience as an editor was a memorable one as we understood all the trouble one has to undergo for a successful write-up. The first thing we see in books, magazine is the editor letter but we never knew the importance of such a story.

The pain and sacrifice one had to make was the first thing we learnt. We would like to give to such a endeavour in the new future so that we grow more knowledgeable and gain rich experiences.

Thanking the Cherry Blossoms School for giving this rich experience and privilege to bring out this first edition of the school magazine.

Happy Reading !!

Yours respectively

FAREWELL TO CHERRY BLOSSOMS

By: Tiatemsü Pongen
CI-X 2015

Nested along the busy highways and foothills.
Standing firm and high, My dear Cherry Blossoms
Blessed with quality teachers and friends,
Gathered in harmony, live righteous in nature's security.
Near and far together as a family.

My school, my CHERRY BLOSSOMS SCHOOL,
Here I learnt to set my goal, here I learnt to explore my
talent.
New years behind me to recall,
Who knew time would bring this moment,
It isn't fair that I am going to leave like this, but experience
has taught me fair,
In silent tears farewell to you
My dear CHERRY BLOSSOMS

GOD HAS GIVEN US

EYES, not to judge others but to look beyond situations

MOUTH, not to criticize but to speak for the truth

HANDS, not to punish but to give a helping hand

EARS, not to be insensitive but to listen to those who are
in pain

Everything, god gave us has its purpose. Use them for the
greater glory of the lord

HOW THE APOSTLES OF JESUS DIED ?

1. **Mathew:** suffered martyrdom in Ethiopia, killed by a sword wound
2. **Mark:** Died in Alexandria, Egypt, after dragged by Horses through the streets until he was dead.
3. **Luke:** Was hanged in Greece as a result of his tremendous Preaching to the lost soul.
4. **John:** Faced martyrdom when he was boiled in huge basin of boiling oil during a wave of persecution in Rome. However he was miraculously delivered from death. John was then sentenced to the mine on the island of Patmos. He wrote his prophetic book of Revelation. The apostle John was later freed and returned to serve as Bishop of Edessa in modern Turkey. He was the only man who died peacefully as an old man.
5. **Peter:** he was crucified upside down on an X shaped cross. According to the church tradition it was because he told his tormentors that he felt unworthy to die in the same way that Jesus Christ had died.
6. **James:** the leader of the church in Jerusalem was thrown over a hundred feet down from the southeast pinnacle of the temple when he refused to deny his faith in Christ. When they discovered that he survived the fall, his enemies beat James to death with a fullers club. * this is the same pinnacle where Satan had taken Jesus during the Temptation.
7. **James the son of Zebedee:** he was a fisherman by trade when Jesus called him to a lifetime of ministry. As a strong leader of the church, James was ultimately beheaded at Jerusalem. The Roman officer who guarded James watched amazed as James defended his faith at his trial. Later, the officer walked beside James to the place of Execution. Overcome by the conviction, he declared his new faith to the judge and knelt beside James to accept beheading as a Christian.
8. **Bartholomew :** also know as Nathaniel was a missionary to Asia. He witnessed for our Lord present Turkey. Bartholomew was martyred for his preaching in Armenia where he was flayed to death by a whip.
9. **Andrew:** was crucified on an X shaped cross in Patras, Greece. After being whipped severely by seven soldiers they tied his body to the cross with cords to prolong his agony. His followers reported that when he was led towards the cross, Andrew saluted it in these words: "I have long desired and expected this long desired and expected this happy hour. The cross has been consecrated by the body of Christ hanging on it". He continued to preach to his tormentors for two days until he died.
10. **Thomas:** he was stabbed with a spear in Chennai, South India during his missionary trips to establish the church in the sub-continent.
11. **Jude:** he was killed with an arrow when he refused to deny his faith in Christ.
12. **Matthias:** this apostle was chosen to replace the traitor Judas Iscariots, was stoned and then beheaded.
13. **Paul:** he was tortured and then beheaded by the evil Emperor Nero at Rome in 67AD. Paul endured a lengthy imprisonment, which allowed him to write his many epistles to the churches he had formed

Top ten motivational tips :)

1. Average Doesn't Mean Secure:* Just because it's common, that doesn't mean it's not risky. Many people fall into the misconception that if a lot of people are doing something, it must be the safest path.
2. Walk Slowly So You Don't Trip:* The more time you give yourself to complete a goal, the more likely you'll achieve it. By undertaking new goals with deliberate slowness, you increase the chance you can achieve lasting success.
3. How to Discover What You're Passionate About:* Enjoying playing video games isn't the same as spending thousands of hours designing your own. Your passion has to be something you would work exceptionally hard for. So what do you do, if there is nothing you feel that engaged about?
4. You Suck. Get Over It :* Life isn't a steady escalator. Sometimes getting better requires that you first get a lot worse. If you can't admit to yourself that you suck at something, chances are it will hold you back from future improvements.
5. The Quickest Route is Usually the Boldest:* What's a faster way to become a great public speaker: works slowly, giving a small speech every month, or finding the time and courage to tackle a big crowd every day.
6. How to Stop Making Excuses:* How often do you catch yourself making excuses? Instead of doing something, you come up with ways to explain your inaction?
7. Walk Your Talk... One Step at a Time:* Imperfections are part of life. I think it's sad that some people feel that because being perfectly consistent with your values is impossible, that there is no point trying to debug the inconsistencies.
8. The Laziest Solution Possible. :* Laziness is a fairly underrated virtue. It's synonym made the short list of deadly sins (sloth) and it is often seen as the major culprit behind a lack of success (he's smart but he lacks discipline). I happen to think the opposite.
9. Be Ambitious With Goals, Not Deadlines:* I've always found that if you want to know how long something will take, ask someone who has already done it. Sounds obvious, but few people do it.
10. Ask for What You Want. The key reason confidence is so powerful and magnetic is simple, confident people ask for what they want.
